
Safety Officer Level 1

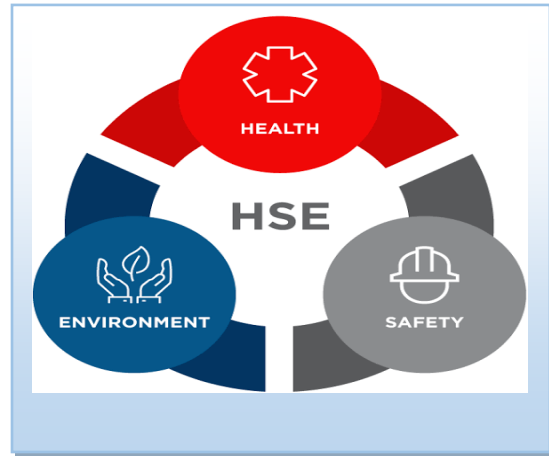

Safety Officer Level 1 is intended for new starters and general workforce. The program is designed to give awareness on workplace health and safety. The course defines the work health and safety legislative framework and requirements in the workplace. Employer duty of care and employee duty of care responsibilities in regards to health and safety are legislative obligations and participants are made aware. Basic information on workplace health and welfare and safety observations and practice is acquired in this course. This program is pre-requisite for Safety Officer Level II.
