# Universal Safety Practices

---

The importance of safety cannot be overstated. Every organization is responsible for the safety of employees while they are working. In 2015, OSHA estimated safety problems cost companies \$1 billion a week. Understanding universal safety practices and how to implement them will help keep everyone protected while ensuring the company's financial security.

With our "Universal Safety Practices" workshop, your participants will discover how safety affects employee engagement and the bottom line. Safety may seem like a boring topic, but an unsafe work environment cannot be ignored.
